SUMMARY

Business Analyst (B.Com, Accounting) with 2+ years turning business problems into data-backed decisions. Elicit stakeholder requirements, define KPIs, and deliver insights that drive revenue and efficiency. Hands-on in SQL, Python, and Power BI to validate requirements and measure outcomes independently. Pursuing CBAP & SAP BA certifications.

EXPERIENCE

Nile for Cables and Electronics, BI & Sales Data Analyst

Giza, Egypt

- Gathered sales leadership requirements and built a semi-realtime automated reporting system, cutting reporting cycles from days to hours
- Facilitated quarterly business reviews, consolidating cross-functional KPIs into recommendations that drove revenue-focused decisions
- Delivered interactive Power BI dashboards for sales forecasting and real-time KPI monitoring, eliminating manual pulls across 3 departments
- Built audit-compliant ETL pipelines (PostgreSQL, Dolt) and an LLM-powered natural-language query tool enabling non-technical self-serve analytics

Nov 2024 – present
1 year 9 months

Samsung Innovation Campus, Data Engineer

Giza, Egypt

- Defined BI/analytics requirements and built Spark + Kafka data workflows to deliver on them
- Translated exploratory analysis into business recommendations and deployed production workflows on AWS (EC2, S3)

July 2024 – Oct 2024
4 months

PROJECTS

Customer Segmentation & Retention – E-Commerce

- Partnered with marketing to analyze 500K+ transactions via RFM, cohort, and purchasing-pattern analysis
- **Impact:** Identified 3 segments = 68% of revenue; business case lifted retention 23%

Executive KPI Dashboard – Sales Performance

- Elicited executive requirements; built Power BI dashboard tracking 15+ KPIs (revenue, conversion, sales velocity)
- **Impact:** Replaced 2-day manual cycle with real-time access for faster territory decisions

Churn Risk Analysis – Retention Strategy

- Modeled at-risk customers (84% accuracy, Python/scikit-learn) and quantified churn drivers
- **Impact:** Presented top 5 drivers to stakeholders; enabled retention plays cutting churn ~15%

A/B Testing & Conversion – Checkout Optimization

- Designed 3 A/B tests (t-tests, chi-square) for checkout flow optimization
- **Impact:** Validated 18% conversion lift; \$2.3M projected annual revenue – presented to product

Data Warehouse & Self-Service – Star Schema

- Gathered user requirements; built star schema with 15+ dbt models (SCD2) at 99.9% data quality
- **Impact:** Cut query complexity 70%; eliminated manual prep, enabled self-service analytics

SKILLS

Business Analysis & Requirements: Elicitation, BRD/FRD, User Stories, Use Cases, Gap Analysis, BPMN, Stakeholder Management, UAT Coordination

Data Analysis & Business Intelligence: SQL (Advanced), Python (pandas, scikit-learn), A/B & Hypothesis Testing, Segmentation, Cohort, RFM

Visualization & Reporting: Power BI (DAX, Power Query), Tableau, Excel (Pivot, VBA), Plotly

Business & Domain Expertise: KPI Development, Sales/Financial/Marketing Analytics, Churn, Forecasting, Business Storytelling

Data Engineering & Databases: PostgreSQL, MySQL, ETL/ELT, Airflow, dbt, Star Schema, Warehousing

Cloud & Tools: AWS (S3, Glue, Athena, Lambda), Docker, Git, Jupyter, BigQuery

EDUCATION

Al-Azhar University, Accounting & Business Management

Sept 2019 – June 2023

B.com

- Self-taught in data analysis, SQL, Python, and BI via certifications and hands-on projects
- Coursework in financial/managerial accounting, business statistics, financial statement analysis

CERTIFICATIONS

Certified Business Analysis Professional™ (CBAP®) Specialization

- In Progress – Requirements elicitation, management & evaluation

SAP Business Analyst Professional Certificate

- In Progress – SAP enterprise systems & business process integration

Google Data Analytics Professional Certificate

- Data cleaning, analysis, visualization & storytelling (SQL, Tableau, R)

IBM Data Science Professional Certificate

- Machine learning, data analysis, Python & SQL capstone projects

Samsung Innovation Campus Big Data Engineering Certificate

- **Top Achiever (#1)** in the Big Data Engineering track

Master of Business Administration (iMBA)

- University of Illinois Gies — Business Analytics, Finance, Strategy
